

Anti-Condensation Heater (Switchboard Panel)

Switchboard Panel Installation Points

VITAR Anti - Condensation Strip V1-ACH series

- Similar to V1-AJ model but is suitable for small enclosed spaces.
- Install in flat surface.

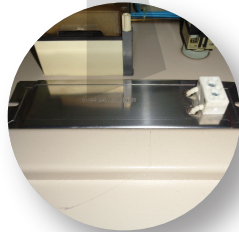

VITAR Anti - Condensation Strip Heater VAH-T model

- With strong rigid stainless steel body suitable for "free-hanging" bracket installation

VITAR Anti - Condensation Heater V1-AJ model

- Best heat circulation is achieved when installed at lower part of cabinet.
- Most efficient in dispensing heat to the enclosed environment.

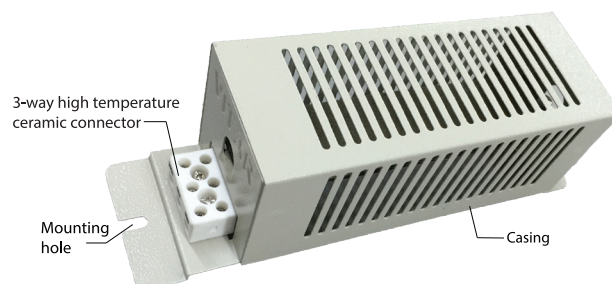

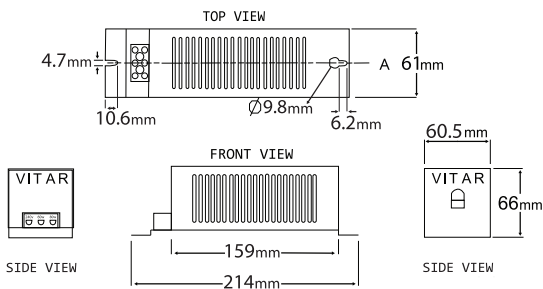

VITAR Anti - Condensation Heater VAH-AJ Series (Strip type)

- Similar to V1-AJ model but is suitable for small enclosed spaces
- Install in flat surface

VITAR Anti - Condensation Heater VAH-L Series

- Suitable for small enclosed spaces and flat surfaces
- Special built-in cable termination for easy wiring connection

Switchboard panel heating

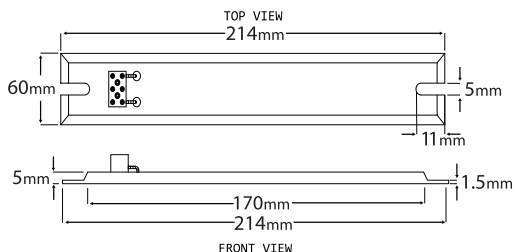

Features:

- * High efficiency in dispensing heat to the enclosed environment.
- * Corrosion-resistant powder coating on casing.
- * High-temperature ceramic block connector.
- * Available in dual-power output 60W / 80W.

Item No	Voltage	Power	Color	Mounting Screw	Connection
V1-AJ-103	220V-240V	60W / 80W	Hi-temp powder coated on metal casing (milky white with faint yellowish tone)	M4	3-way ceramic connector
V1-AJ-120		120W			

Switchboard panel heating

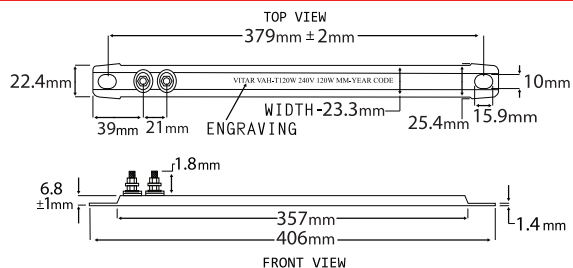

Features:

* Similar to V1-AJ model but is suitable for small enclosed spaces.

* Install in flat surfaces.

Item No	Voltage	Power	Color	Mounting Screw	Connection
VAH-AJ-103	220V~240V	80W	Shiny metal outlook (S/S 430 metal cover)	M4	2-way ceramic connector

Features:

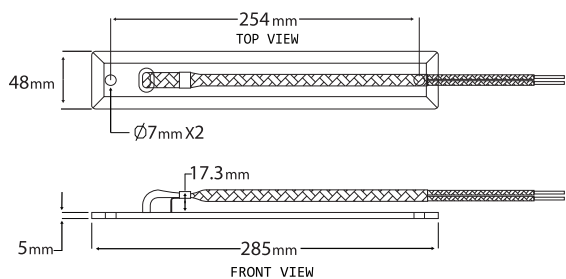

* With strong rigid stainless steel body suitable for "free-hanging" bracket installation.

* Available ceramic cap option for terminal insulation.

* Wattage can be customized according to customer requirement.

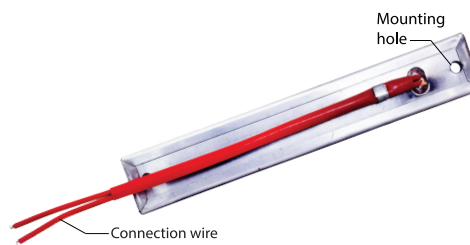

Item No	Voltage	Power	Color	Mounting Screw	Connection
VAH-T80W	220V~240V	80W	Shiny metal outlook (S/S 430 metal cover)	M8	M5 Terminal
VAH-T120W		120W			

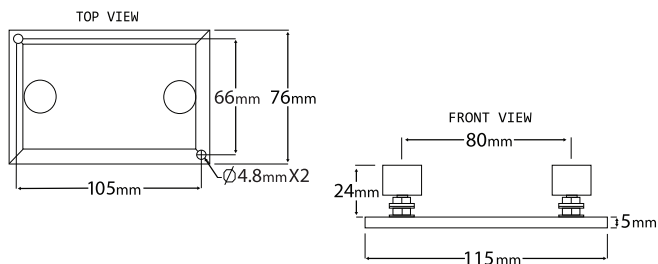

Features:

* Suitable for small enclosed spaces and flat surfaces.

* Special built-in cable termination for easy wiring connection.

Item No	Voltage	Power	Color	Mounting Screw	Connection
VAH-L60W	220V~240V	60W	Shiny metal outlook (S/S 430 metal cover)	M6	Fibreglass wire with sleeving

Features:

* Similar to V1-AJ model but is suitable for small enclosed spaces.

* Install in flat surface.

* Wattage can be customized according to customer requirement

Item No	Voltage	Power	Color	Mounting Screw	Connection
V1-ACH	220V~240V	50W ~ 150W	Shiny metal outlook (S/S 430 metal cover)	M4	M5 Terminal
